

Capital Project Levy Public Forum

An update and conversation with Superintendent, Gary Neal

In **February 2017**, Sequim voters said 'yes' to the Sequim School **District Capital Project Levy**. Since then, we have been working hard to bring the community's vision to life. In partnership with Vanir Construction Management, the District has been provided 3 options for moving forward with the Community School's remodel. **It is critical**

that the decisions moving forward are propelled by the voices of our community and voters.

Please join me for a **Public Forum**, which will begin with a brief overview of the Capital Project Levy and each of the 3 construction options, followed by time to ask questions and provide feedback.

I look forward to meeting,

Gary Neal, Superintendent
